Although the abovementioned is the current level of turnover/income and is closely related to the economic indicators, it may be more or less in the future. Consequently, this certificate does not serve as a guarantee that the income reflected will continue at the same levels. Where the entity is a start-up enterprise this EME Certificate is valid only for contracts with a single value of less or equal to R 10 million. Should the contract value being tendered for be higher than R 10 million and less than R 35 million, the EME will be required to submit a QSE Verification Certificate with any tender. For contracts over R 35 million a B-BBEE Verification Certificate based on the Generic Codes must be submitted. Based on our procedures, which do not constitute an audit or review, we have determined that the turnover is less than, or equal to R 10 million and that the level of Black Ownership / Black Women Ownership is as set out in this Certificate.

We do not accept or assume responsibility to anyone other than those who engaged us, for our work, for this report, or the conclusion we have reached.
